

Kids Against Hunger™ of Hastings

An international food relief campaign

World hunger is the largest problem the human race faces at this time with an estimated 800 million people in some type of food-related crisis. **Everyday more than 40,000 people die from hunger-related causes—that's one person every two seconds.**

Kids Against Hunger of Hastings is a nonprofit organization whose mission is to end that tragedy by packaging and shipping life-saving meals to starving and malnourished children in developing countries and the United States. The meals, formulated by Cargill, Pillsbury, General Mills, and ADM food scientists, provide a rich source of easily digestible protein, carbohydrates and vitamins needed by the bodies and minds of undernourished children.

The average volunteer can help package 500 meals in a two-hour volunteer shift! At a quarter a meal, that means their meal supply costs can be covered by raising \$125.
